Description

Medical Protective Isolation Gown provides a protective barrier for medical workers and care givers working in environments where there is a risk of exposure to fluids. The gown is constructed of heavy duty moisture-proof vinyl which protects workers from fluids. It ties on the back to adjust as needed for a comfortable and secure fit. The Medical Protective Isolation Gown can be cleaned, sanitized, and reused. It is rated a AAMI Level 2. 43" H x 80 1/2" W
